Special Non-recurring Charges:

The utility will collect for special nonrecurring charges to recover customer-specific costs incurred which would otherwise result in monetary loss to the utility or increased rates to other customers to whom no benefits accrue from the service provided or action taken. The utility may establish or change any special nonrecurring charge by applying for Public Service Commission approval of such charge in accordance with the provisions of 807 KAR 5:011, Section 10.

Special nonrecurring charges will be applied uniformly throughout the area served by the utility. Such charges will relate directly to the service performed or action taken and only yield enough revenue to pay the expenses incurred in rendering the service.

The utility will assess a charge for the following non-recurring services:

1. Connection/Turn-on Charge: Will be assessed for new service turn-ons, seasonal turn-ons, or temporary service. The charge will not be made for initial installation of service where a meter connection/tap-on charge is applicable.
2. Field Collection Charge: Will be assessed when a utility representative visits the premises of the service connection to terminate service, and the customer is on-site and pays the bill to avoid termination of service. This fee may only be charged once per billing period.
3. Late Payment Penalty: Will be assessed on the delinquent amount of the bill, less taxes.
4. Meter Relocation Charge: Will be assessed when a customer or other authorized person requests that a meter be relocated, changed, or modified. Those requesting a change must reimburse the utility for the actual costs incurred, including but not limited to appropriate legal, administrative, engineering, overhead, or other related costs.
5. Meter Re-read Charge: Will be assessed when a customer requests the utility to re-read the customer's meter and the re-read proves that the original meter reading was correct.

6. Meter Test Charge: Will be assessed when a customer requests the utility perform a test on the customer's meter to check for accuracy, and the test shows the customer's meter is not more than two percent (2%) fast.
7. Reconnection Charge: Will be assessed to reconnect service that has been terminated for non-payment of service or for violation of Utility or Public Service Commission rules and regulations, and will include the cost of the service trip for both the disconnection and the reconnection.
8. Returned Check Charge: Will be assessed when a customer's check is returned, either due to insufficient funds or other reason due to customer fault.
9. Service Call/Investigation Charge: Will be assessed when a customer requests the onsite presence of utility personnel to investigate a service problem and the problem is a result of the customer's own plumbing facilities, beyond the utility's delivery point, or not caused by failure of utility facilities. Any maintenance and repair of facilities beyond the utility's delivery point is the responsibility of the customer.

REIMBURSEMENT TO CUSTOMERS CONTRIBUTING TO EXTENSIONS & REGARDS TO NEW SUBDIVISIONS

The Oldham County Water District, a water district organized pursuant to Chapter 74 of the Kentucky Revised Statutes, will make the following changes on reimbursement to customers contributing to extensions and in regards to new subdivisions.

For a period of five (5) years after construction of the extension, each additional customer whose service line is directly connected to the extension installed, and not to extensions or laterals therefrom, shall be required to contribute to the cost of the extension based on a recomputation of both the utility's portion of the total cost and the amount contributed by the customers. The utility shall refund to those customers that have previously contributed to the cost of the extension that amount necessary to reduce their contribution to the currently calculated amount for each customer connected to the extension. All customers directly connected to the extension for a five (5) year period after it is placed in service shall contribute equally to the cost of construction of the extension. In addition, each customer shall pay the approved tap-on fee applicable at the time of his application for the meter connection. The tap-on fee shall not be considered part of the refundable cost of the extension and may be changed during the refund period. After five (5) year refund period expires, any additional customer shall be connected to the extension for the amount of the approved tap-on fee only. After the five (5) year refund period expires, the utility shall be required to make refunds for an additional five (5) year period in accordance with subparagraph 1 of this paragraph.

The system manager may at his discretion discontinue delivery of water to any delinquent customer. The District shall install, maintain and operate a main distribution pipe line or lines from the source of water supply and service lines from the main distribution pipe line or lines to the property line of each customer of the District, if the District Commission determines it is feasible to serve such customer, at which points, designated as delivery points, meters to be purchased, installed, owned and maintained by the District shall be placed. The cost of service line or lines from the main distribution pipe line or lines of the District to the property line of each customer shall be paid by the District or the customer, or both, in a manner to be determined by the Commission at the time of installation, depending upon the length of the service line. The District ^{PUBLIC SERVICE COMMISSION OF KENTUCKY} shall purchase and install a cut-off valve in each service line ^{EFFECTIVE} from its main distribution line or lines, such cut-off valve to be owned and maintained by the District and to be installed on some portion of the service line owned by the District. ^{Aug 1 1989} The District shall have the sole and exclusive right to the use and operation of such cut-off valve.

PURSUANT TO KRS 100.011,

sufficient capacity to permit the delivery of water through a service line at that point without interfering with the delivery of water through a prior service line. If the District's water system shall be inadequate to permit the delivery of water through a service installed at such point without interfering with the delivery of water through a prior service line, by the Commission. Each customer will be required to install and own the service line from the meter to the place of use on his premises and to maintain such portion of the service line, all subject to applicable rules and regulations of the Utility Regulatory Commission.

Each customer shall be entitled to purchase from the District pursuant to such agreements as may from time to time be provided and required by the Commission such water as the customer may desire, subject however, to the provisions of these By-Laws and to such rules and regulations as may be prescribed by the Commission, provided, however, that should a customer sell or dispose of a portion of his property or subdivide the same he or the new owner of each such new tract may not demand water and taps without paying connection fees for each such tract to be served.

In the event the total water supply shall be insufficient to meet all the needs of the members or in the event there is a shortage of water, the Commission may prorate the water available among the various members on such basis as is deemed equitable by the Commission, and may also prescribe a schedule of hours covering use of water and require adherence thereto or prohibit the use of water for specified purposes.

ARTICLE 24. The Commission is authorized to secure ^{PUBLIC SERVICE COMMISSION OF KENTUCKY} insurance on storage tanks, if any, and such other properties as the District owns, against fire, windstorms and other calamity and liability insurance, in such amounts and with such companies as other privately-owned water systems ordinarily carry.

ARTICLE 25. The District shall own ^{PUBLIC SERVICE COMMISSION} all lines and meters held by or for it, in the absence of a written agreement to the contrary.

- I. Upon written request of any customer, the meter serving said customer shall be tested by the District. Whenever a meter is found to be more than two percent (2%) fast, additional tests shall be made at once to determine the average error of the meter. Said tests shall be made in accordance with the Utility Regulatory Commission regulations applicable to the type of meter involved. The burden of maintaining measuring equipment so that it will register accurately is upon the utility; therefore, if meters are found upon test to register fast and if time for periodic test has overrun to the extent that one-half (1/2) of the time elapsed since the last previous test exceeds twelve (12) months, the refund shall be for twelve (12) months as specified by 807 KAR 5:006E, Sec. 9(2) and in addition thereto, a like refund for those months exceeding the periodic test period; provided, however, that the commission may relieve the utility from this requirement in any particular case in which it is shown that the failure to make the periodic test was due to causes beyond the utility's control.
- J. When meter has ceased to register, or meter reading could not be obtained, the quantity of water consumed will be based upon an average of the prior three (3) months consumption and the conditions of water service prevailing during the period for which the meter failed to register.
- K. The District shall make all reasonable efforts to eliminate interruption of service and ~~PUBLIC SERVICE COMMISSION~~ ^{BY THE DISTRICT} interruptions occur will endeavor to reestablish service with the shortest possible delay. When the service is interrupted all consumers affected by such interruption will be notified in advance whenever it is possible to do so.

INTERPRETING LEAK ADJUSTMENTS FOR CUSTOMERS

The Oldham County Water District a water district organized pursuant to Chapter 74 of the Revised Statues, will make the following changes on leak adjustments for customers.

There will be (1) adjustment per calendar year, it will be figured based on average consumption, if the leak is (5) times their normal consumption. Starting with their normal consumption charge, and for all water used over their normal consumption it will be billed at the same rate as the last rate step, which will be .90¢ per thousand gallons. This rate was apporved by the Public Service Commission on July 22, 1988.

FOR THE PUBLIC SERVICE COMMISSION

Outdoor Non-Commercial Watering:

- minimal watering of vegetable gardens,
- minimal watering of trees where necessary to preserve them.

Outdoor Commercial or Public Watering (using conservation methods and when other sources of water are not available or feasible to use):

- agricultural irrigation for the production of food and fiber or the maintenance of livestock,
- watering by arboretums and public gardens of national, state, regional or community significance where necessary to preserve specimens,
- watering by commercial nurseries at a minimum level necessary to maintain stock,
- watering at a minimum rate necessary to establish or maintain revegetation or landscape plantings required pursuant to law or regulation,

- watering of woody plants where necessary to preserve them,
- minimal watering of golf course greens.

Recreational:

- operation of municipal swimming pools and residential pools that serve more than 25 dwelling units.

Air Conditioning:

- refilling for startup at the beginning of the cooling season,
- makeup of water during the cooling season,
- refilling specifically approved by health officials where the system has been drained for health protection or repair services.

Non-Essential Uses (Class 3):

Any waste of water, as defined herein, is non-essential. The following uses of water, listed by site or user type, are non-essential.

Public Use:

MAY 25 1995

- use of fire hydrants (excluding Class 1 and Class 2 uses), including use of sprinkler caps, testing fire apparatus and fire department drills, *Section 5011, Kentucky Revised Statutes*
- flushing of sewers and hydrants except as needed to ensure public health and safety as approved by health officials. *FOR THE PUBLIC SERVICE COMMISSION*

Commercial and Civic Use:

- serving water in restaurants, clubs, or eating places, except by customer request,
- failure to repair a controllable leak,
- increasing water levels in scenic and recreational ponds and lakes, except for the minimum amount required to support fish and wildlife.

Ornamental Purposes:

- fountains, reflecting pools and artificial waterfalls.

Outdoor Non-Commercial Watering:

- use of water for dirt control or compaction,
- watering of annual or non-woody plants, lawns, parks, golf course fairways, playing fields and other recreational areas,
- washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard-surface areas,
- washing down buildings or structures for purposes other than immediate fire protection,
- flushing gutters or permitting water to run or accumulate in any gutter or street.

Outdoor Commercial or Public Watering:

SECTION 9(1)

(d) "Base Entitlement" shall mean the monthly usage for a customer during the same month of the preceding calendar year or the average per customer usage for each class of service during the same month of the preceding year.

BY Robert A. Neal
FOR THE PUBLIC SERVICE COMMISSION

(e) "Curtailed Entitlement" shall mean the monthly usage for a customer after any curtailment percentage has been applied.

(f) "Curtailment" shall mean the reduction in entitlement by some percentage to meet anticipated water shortages.

(g) Water Shortage Response Phases:

"Advisory" shall mean that conditions exist which indicate the potential for serious raw or treated water supply shortages.

"Alert" shall mean the raw or treated water supplies are consistently below seasonal averages, and if they continue to decline, may not be adequate to meet normal needs.

"Emergency" shall mean that raw or treated water supplies are below the level necessary to meet normal needs and that serious shortages exist in the area.

(h) "Rationing" shall mean that procedures must be established to provide for the equitable distribution of critically-limited raw or treated water supplies, in order to balance demand and limited available supplies, and to assure that sufficient water is available to preserve public health and safety.

Section 3. Applicability. The provisions of this Plan shall apply to all retail and wholesale customers of the Oldham County Water District. When implemented, this Plan becomes Oldham County Water District Water Shortage Response Regulation.

Section 4. Entitlements. Entitlements shall be established for each customer by adjusting the base entitlement to reflect any known change in usage pattern.

Section 5. Determination of Water Shortage. Water supply and usage shall be monitored on a continuous basis. Unrestricted demand shall be projected from past records and adjusted for changes such as new developments and weather conditions on a regular basis. (Note: A sample calculation page is attached as Appendix A to assist in determining overall water levels. It is important that accurate water measurements be used.) Water shortages generally occur for two reasons, a reduction in available supplies or a system failure. Each of these has a distinct influence on the nature and duration of the conservation program implemented. Official declaration of a water shortage stage and implementation of the measures necessary to curtail water use shall be approved by the Oldham County Water District.

Section 6. The term of Water Shortage Declaration. Any water shortage declaration shall remain in effect until water supplies of service conditions have returned to normal. A final determination as to terminating a water shortage declaration shall

- (c) Eliminate all water leaks.
- (d) Prohibit all non-essential (Class 3) water uses.
- (e) Curtail entitlements to all customers by the same percentage as the projected shortage.
- (f) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of \$6.00 per 1,000 gallons.

C. Emergency Stage:

1. Criteria: A Water Emergency shall be declared when the amount of treated water available is projected to be up to 25% below demand, or there are periods of no water in one or more areas of the distribution system due to low water supply or raw water supplies below the level necessary to meet normal needs. (Note: Additional conditions may be added based on local conditions.)
2. Conservation and Curtailment Measures:
 - (a) Declare Water Shortage Emergency.
 - (b) Provide proper notice to all customers and to all local news media. Appendix "D"
 - (c) Eliminate all water leaks.
 - (d) Prohibit all Class 3 uses of water.
 - (e) Prohibit all Class 2 uses of water except Domestic uses for kitchens, bathrooms and laundries.
 - (f) Curtail all commercial and industrial entitlements (except Health Care Facilities) by 100%.
 - (g) Curtail Residential entitlements by the same percentage as the projected shortage.
 - (h) Curtail entitlements to all wholesale customers by the same percentage as the projected shortage.

- (i) Begin billing all customers water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of \$10.00 per 1,000 gallons.

D. Rationing Stage:

- 1. Criteria: Treated water available is greater than 30% below demand or raw water supplies are below the level necessary to meet essential needs, and in the opinion of Oldham County Water District mandatory rationing is required to insure adequate water is available to maintain public health and safety.
- 2. Conservation and Curtailment Measures:
 - (a) Declare Water Shortage Rationing.
 - (b) Provide proper notice to all customers and to all local news media. Appendix "E"
 - (c) Eliminate all water leaks.
 - (d) Prohibit all Class 3 and Class 2 uses of water.

Section 8. Enforcement of Water Restriction. Any person who violates the provisions of this Plan, who fails to carry out the duties and responsibilities imposed by this Plan, or who impedes or interferes with any action undertaken or ordered pursuant to this Plan shall be subject to the following:

- (a) If the utility official charged with implementation and enforcement of this Plan learns of any violation of any water use restriction imposed, a written notice of the violation shall be affixed to the property where the

violation occurred and mailed to the customer of record. Said notice shall describe the violation and order that it be corrected, cured, or abated immediately or within 48 hours.

- (b) The notice will inform the customer of his or her right to appeal by requesting a hearing before the utility's designee. If a hearing is requested by the customer, he or she shall be given full opportunity to be heard before termination. The governing body shall make findings of fact and decide whether service should continue or terminate.
- (c) Any customer whose water service is terminated for violating provisions of this water curtailment plan shall be subject to the approved reconnection fee prior to reconnection of service.
- (d) The excess usage charge billing provisions of this Plan shall not be put in effect if a county or city ordinance containing penalty provisions is in effect to assist enforcement of this Plan.

Section 9. Request for Exception.

- (a) Exception to water use restrictions: If compliance with any curtailment measure authorized hereunder would cause a customer to bear extraordinary hardship, that individual or entity may apply to the Oldham County Water District for an exception. For these purposes, "extraordinary hardship" shall be defined as a condition which may threaten health and safety, or cause property or economic losses, each of which must be shown to be substantially more severe than the sacrifices borne by other users. If extraordinary hardship is found to exist, then an exception shall be granted and a written waiver issued to the customer. If an appeal is made, water service shall be continued until a decision is announced. Any person aggrieved by the decision may file a complaint with the Public Service Commission.
- (b) Exception to curtailment surcharge: Exceptions to excess use charges shall not be considered or granted.

APPENDIX B

**OLDHAM COUNTY WATER DISTRICT
PRESS RELEASE
ADVISORY STAGE**

This press release is to be written according to the terms of the Advisory Stage in the Water Shortage Response Plan.

The capacity our wells will produce and the amount of treated water available is projected to be up to 15% below projected demand, and/or there are periods of low water pressure in one or more areas of the distribution system due to low water supply, or the State Division of Water has issued a Water Shortage Watch which includes the area from which the District would purchase treated water.

APPENDIX C
OLDHAM COUNTY WATER DISTRICT
PRESS RELEASE
ALERT STAGE

This press release is to be written according to the terms of the Alert Stage in the Water Shortage Response Plan.

The capacity our wells will produce and the amount of treated water to purchase is at least 20% below projected demand*, and/or there is consistent low pressure in one or more areas of the distribution system due to low water supply, and if they continue to decline may not be adequate to meet normal needs.

Water usage in excess of curtailment entitlement will be billed at the normal rate plus \$6 per 1,000 gallon.

**APPENDIX D
OLDHAM COUNTY WATER DISTRICT
PRESS RELEASE
WATER EMERGENCY STAGE**

A water emergency has been declared in the Oldham County Water District.

The capacity our wells will produce and the mount of treated water to purchase is at least 25% below projected demand, or there are periods of no pressure in one or more areas of the distribution system due to low water supply, below the level necessary to meet normal needs.

Water usage in excess of curtailment entitlement will be billed at the normal rate plus \$10 per 1,000 gallons.

**APPENDIX E
OLDHAM COUNTY WATER DISTRICT
PRESS RELEASE
RATIONING STAGE**

This press release is to be written according to the terms of the Rationing Stage in the Water Shortage Response Plan.

The capacity our wells will produce and the amount of treated water available to purchase is greater than 30% below projected demand, and in the opinion of the Oldham County Water District Board of Commissioners requires mandatory rationing to insure adequate water is available to maintain public health and sanitation.

Water usage in excess of curtailment entitlement will be billed at the normal rate plus \$10 per 1,000 gallons.
